Excellent team player, demonstrated by successful collaborations with product management & design teams.

Problem Solving

Possess strong problem-solving skills, demonstrated by providing out-of-the-box solutions to project challenges, improving project delivery time by 20%.

EXPERIENCE

Senior Full Stack PHP/Laravel Developer Shaghf

2021 - 2023

Worked on a revolutionary ecommerce startup, enabling eCommerce merchants to build long-lasting customer relationships.

- Demonstrated expertise in product development and ideation, with a track record of conceptualizing and bringing innovative ideas to fruition.
- Proficient in setting up Continuous Integration/Continuous Deployment (CI/CD) pipelines, incorporating essential stages such as linting, static analysis, and testing, and deploying staging and production instances on platforms like Contabo.
- Skilled in software integrations, adept at seamlessly incorporating third-party services and APIs to enhance the functionality and efficiency of web-based systems.
- Successfully developed a Nuxt.js frontend with a Laravel API backend, leveraging the strengths of each technology to create a robust and scalable web application.

Software Developer M6wer

2019 - 2021

Worked on developing cutting-edge innovations in the world of audio on the web.

- Skilled in back-end web development, with a focus on crafting resilient and high-performing server-side solutions tailored to power dynamic web applications.
- Experienced in software integrations, proficient at seamlessly merging third-party services and APIs to elevate the functionality and streamline the efficiency of web applications.
- Extensive experience in software integrations, adept at seamlessly incorporating third-party services and APIs to enhance the performance and capabilities of web-based systems.
- Proficient in back-end web development, specializing in creating scalable and efficient server-side solutions to drive the functionality of web applications.

EXPERIENCE

Full Stack Developer Freelancer

2018 - 2019

Worked on architecting and developing web-based applications from scratch.

- Proficient in back-end web development, specializing in creating robust and efficient server-side solutions to support dynamic web applications.
- Extensive experience in web app development, with a focus on building user-friendly interfaces and integrating essential functionalities.
- Notable projects include the development of a Point of Sale (POS) system featuring touch screen capabilities, integration with receipt printers, and management of cash drawers to streamline retail operations.
- Skilled in software integrations, adept at seamlessly integrating third-party services and APIs to enhance the functionality and efficiency of web applications.
- Demonstrated ability to effectively communicate with clients to gather requirements, provide updates on project progress, and address any concerns or feedback in a timely and professional manner.

EDUCATION

High Institute for management and technology El Madina, GPA 3.2/4.0

2018 - 2022
